LANSING

GARLIN GILCHRIST II
LT. GOVERNOR

July 1, 2025

Dear Friends,

It's that time of the year again, Michigan—time to grab your family and friends and enjoy a Michigan county fair. From the expansive livestock barns of the Allegan County Fair to the demolition derby at the Armada Fair, Michigan's county fairs are full of educational opportunities and entertainment for the whole family.

There's something truly special about our communities coming together each year for their county fairs and celebrating what makes Michigan such a great place to live—our vibrant communities, rich agricultural heritage, and hardworking families. Whether you're enjoying local foods, cheering on the next generation of 4-H stars and future leaders of Michigan's agricultural industry, or just soaking in the excitement, I have no doubt that you will have a great time at your local county fair.

As your Governor, I am proud of the hard work and passion that goes into the exhibits and projects showcased at our county fairs. Whether you are a sponsor, exhibitor, or fairgoer, thank you for supporting your community and I hope you enjoy one of Michigan's many county fairs this summer!

Sincerely,

A handwritten signature in blue ink that reads "Gretchen Whitmer".

LIVESTOCK SAMPLE COLLECTION PROCEDURES

Performed by a veterinarian/authorized representative

NOTE: Any animal entered in any class at the fair may be subjected to drug testing at the discretion of the Fair Board / livestock superintendent. The fair's veterinarian / authorized representative may collect urine, blood, hair, tissue and/or other test samples as needed.

Prior to the fair

1. Request the animal drug testing supplies from the MDA Laboratory Division, at least thirty days prior to the event. The request must be made by mail or fax (517)337-5094. For questions or information contact Gina Dewitt, Equine Drug Testing Section at (517)203-1356 or (517)337-5082.

At the fair

1. Verify the animal you are about to test. Identify any tattoos, ear tags or ear notches that are on the animal. Whenever possible use USDA official identification vs. farm identification. Be sure to include this information on the "Sample Tag".
2. Present the container for examination to the animal representative/exhibitor, making sure to verify with the animal representative that the security seal has not been previously broken. If the sample container is rejected for any reason, use another container and return the defective one to the laboratory. **Note:** *The animal representative must remain with the animal at all times during the sample collection process.*
3. Record the seal number in the top right box of the sample transmittal packing list.
4. Open the container by pressing upward on the tab marked open, breaking the seal.
5. Place the container on the catching stick; fold the lid back and anchor it under the metal finger welded onto the handle.
6. If a urine sample cannot be obtained, a Michigan licensed veterinarian/veterinarian technician may collect five types of blood from the animal. Each tube of blood must be identified with one of the six small sticker tags provided on the "Sample Tag". Place the five labeled blood tubes inside a plastic sample container and seal as described below.
7. After collecting the sample, close the lid and snap it completely shut. Loop the barbed plastic strip on the sample container through the two holes in the container tabs and pull snug. Apply a short piece of evidence tape across the protruding end of the plastic barbed strip and also across the lid and down the sides of the container.
8. Complete the information on a "Sample Tag" substituting the name of the fair for "Tract", the name of the animal (Grand Champion Steer, Reserve Champion Swine, etc.) for "Horse" and the ear tag number or other unique identification number for "Tattoo". After the animal representative has watched the sample collection and sealing, they must sign under "Witness" on the sample tag. The person collecting the sample must sign under the "Sampled By" on the "Sample Tag".
9. Place one completed large sticker tag from the top of the "Sample Tag" on the top of the sample container over the evidence tape and the other completed large sticker tag on the side of the container. The remaining portion of the completed "Sample Tag" must be kept and NOT returned to the lab.

10. Lock the sealed and labeled sample container in a metal can.
NOTE: *Once the can is locked it cannot be opened until it reaches the lab.*
11. Samples must be held secure and cold until transferred to the laboratory. **NOTE:** *Urine may be frozen, blood must be kept refrigerated and never be frozen.*
12. Any discarded needles should be placed in an approved "sharps" container by the veterinarian/veterinarian technician.
13. When all sample collection has been completed, fill out the "Sample Transmittal Packing List". The packing list must identify the tag number of all samples included in the case. Enclose the completed "Sample Transmittal Packing List", any unused supplies and regenerated/refrozen freezer packs in the case and seal it with the provided intact case seal.

After sample collection is completed

1. Transport samples to the lab either in person or by overnight express. Arrange for samples to arrive at the lab during normal business hours (7:30 a.m. – 5:00 p.m., Monday through Friday). The lab is located on the campus of Michigan State University at 1615 South Harrison Road, East Lansing, MI 48823. Collect and retain signed Animal Certification Forms and the remaining portion of the completed "Sample Tag". **NOTE:** *Both of these documents should be kept in a secure place for cross-reference when sample results are received. In the event of a positive result, these documents must be kept as evidence.*

2. Exhibitors are allowed, **but not required**, to sell Champions and Reserve Champions. If an exhibitor has a second Champion or Reserve Champion in a specie they may sell both, but they will have to eliminate another animal, or milk to remain at 4 lots.

4. Exhibitors must inform the auction office which animal they will be selling in the auction and the destination for the secondary animal by noon on Wednesday of the fair, with the exception of the beef species, which is allowed to sell two (2) beef animals in the sale. If an exhibitor has not informed the auction office by the deadline, the highest placing animal will automatically be included in the auction bill. If both animals have placed the same, the animal with the heaviest weight will then be sold at the auction.
5. Auction office could arrange for personal sales if interest exists. Exhibitors must make these arrangements with the auction office prior to, or immediately after the conclusion of their species show.

Dear Auction Supporter,

Whether you held the winning bid, the support bid, or were in the crowd applauding our youth and those who were able to buy their projects in the Large Animal Auction, Small Animal Auction or Still Exhibit Auction... we thank you.

The youth work very hard and put in a lot of hours to be able to participate in one of the three auctions at the Cass County Fair, and we appreciate the support our area families, farms, and businesses show them.

There truly is no small county fair that can come close to what you do.

Thank you!

Section 3.10 Special Meeting of Members. A special meeting of Members may be called at any time by the President of the Corporation or by a majority of the Members of the Board of Directors then in office, or by not less than ten percent (10%) of the Members entitled to vote at such special meeting. The method by which such meeting may be called is as follows: Upon receipt of a specification in writing setting forth the date and objects of such proposed special meeting, signed by the Chair, or by a majority of the Members of the Board of Directors then in office, or by Members as above provided, the President of the Corporation shall prepare, sign and mail the notices requisite to such meeting.

Section 3.11 Quorum of Members. Unless a greater or lesser quorum is provided in the Articles of Incorporation, in a By-Law adopted by the Members, or in the Act, the presence of fifteen (15) voting Members or the presence of fifty percent (50%) of the average number of Members who attended the two preceding annual meetings of Members (whichever is less) constitutes a quorum at a meeting of Members.

Section 3.12 Vote of Members. Each Member is entitled to one (1) vote on each matter submitted to a vote. A vote may be cast either orally or in writing. Members shall not be allowed to vote by proxy. When an action, other than the election of Directors, is to be taken by vote of the Members, it shall be authorized by a majority of the votes cast by Members entitled to vote thereon, unless a greater plurality is required by the Articles of Incorporation or the Act. Directors shall be elected by a plurality of the votes cast at an election. In the event of a tie vote for the final Director position, a second vote shall be held between the candidates who are tied. If this second vote also results in a tie, then the tie shall be broken by the vote of the Executive Committee.

Section 3.13 Record Date for Determination of Members. For the purpose of determining Members entitled to notice of and to vote at a meeting of Members or an adjournment thereof, or to express consent or to dissent from a proposal without a meeting, or for the purpose of determining Members entitled to allotment of a right, or for the purpose of any other action, the Board of Directors may fix, in advance, a date as the record date for any such determination of Members. The date shall not be more than sixty (60) nor less than ten (10) days before the date of the meeting, nor more than sixty (60) days before any other action. If a record date is not fixed (a) the record date for determination of Members entitled to notice of or to vote at a meeting of Members shall be the close of business on the day next preceding the day on which notice is given, or if no notice is given, the day next preceding the day on which the meeting is held, and (b) the record date for determining Members for any purpose other than that specified in subdivision (a) shall be the close of business on the day on which the resolution of the Board relating thereto is adopted. When a determination of Members of record entitled to notice of or to vote at a meeting of Members has been made as provided in this Section, the determination applies to any adjournment of the meeting, unless the Board of Directors fixes a new record date under this Section for the adjourned meeting.

Section 3.14 Resignation. Any Member desiring to resign shall submit a written resignation to the Board of Directors, which shall accept such resignation.

Section 3.15 Dropping from Membership. Any Member who fails to purchase a Membership Certificate to renew his or her membership, or who does not comply with any of the conditions and requirements for remaining as a Member as established by these Bylaws, shall be dropped from membership.

ARTICLE IV - BOARD OF DIRECTORS

Section 4.1 Functions. Except as specifically provided in the Corporation's Articles of Incorporation or these bylaws, all rights, powers, duties and responsibilities relative to the management and control of the Corporation's property, activities and affairs are vested in the Board of Directors. In addition to the power and authority expressly conferred upon it by these Bylaws and the Articles of Incorporation, the Board of Directors may take any lawful action on behalf of the Corporation which is not by law or by the Articles of Incorporation or by these Bylaws required to be taken by some other party.

Section 4.2 Number, Selection and Term. The number of Directors which shall constitute the Board of Directors shall be not less than fifteen (15) and not more than twenty-five (25) persons, as determined from time to time by the Members. Directors will be elected from a list of candidates provided by a Nominating Committee appointed by the President and or nominated from the floor and consisting of a minimum of one candidate for each vacancy to be filled.

Any person eligible for membership in the Corporation may be elected to the Board of Directors, provided, however, that when elected, that person must establish a membership.

Said membership must be established by the close of the year's first meeting of the Board of Directors, and failure to do so will mean automatic forfeiture of directorship. All Directors shall serve three (3) year terms (or until his or her successor is appointed and qualified, or until such Director's resignation or removal), with the terms of one-third of the Directors expiring each year. To accomplish this, one-third of the initial Board of Directors shall serve for a one year term; one-

third shall serve for a two year term and one-third shall serve for a three year term, with the incorporators designating which Directors will serve terms of one, two or three years. Thereafter, as a Director's term expires, the person elected to fill that position shall serve for a three year term.

Section 4.3 Meetings.

- (a) The Board of Directors may set the time and place for regular meetings of the Board.
- (b) The annual meeting of the Board of Directors of the Corporation shall be held at a location determined by the Board not less than two (2) weeks following the annual meeting of Members.
- (c) Special meetings of the Board of Directors may be called by the Secretary of the Corporation upon the request of the President or by a majority of the Directors.
- (d) Meetings of the Board of Directors may be held at any place or places.

Section 4.4 Notice of Meetings. The annual meeting and regular and special meetings of the Board of Directors shall be held pursuant to notice of the time, place and purpose thereof either delivered personally or sent by telephone (including transmission by a facsimile machine) or telecopy to each Director not less than twenty-four (24) hours prior to the meeting and if by telephone or telecopy, confirmed in writing before or after the meeting. Notice may also be sent by first class mail to a Director at least three (3) days before the day on which the meeting is to be held. Notwithstanding the foregoing, no notice need be given to any person who submits a signed waiver of notice before or after a meeting, or who attends a meeting without protesting any lack of notice.

Section 4.5 Resignation. A Director may resign by giving written notice to the President of the Corporation which notice shall be immediately forwarded to the Board of Directors. Unless otherwise specified in the resignation, the resignation shall take effect upon receipt by the President, and the acceptance of the resignation shall not be necessary to make it effective.

Section 4.6 Removal. Any Director may be removed at any time, with or without cause, by vote of a majority of Directors.

Section 4.7 Vacancies. A position occurring in the Board of Directors resulting from a vacancy shall be filled either by the affirmative vote of a majority of the Members present at a meeting at which a quorum is present, or by the affirmative vote of a majority of the remaining Directors, though less than a quorum. A Director elected by the Members because of an increase in the number of Directors shall serve for an initial term that is approved by the Members. If a position on the Board of Directors is to be filled by the vote of the Directors, the person so elected shall serve only until the next election of Directors by the Members. If because of death, resignation or other cause, the Corporation has no Directors in office, an Officer, a Member, an executor, administrator, trustee or guardian of a Member, or other fiduciary entrusted with like responsibility for the person or estate of a Member, may call a special meeting of Members in accordance with the Articles of Incorporation or these Bylaws.

Section 4.8 Quorum. The presence of a majority of the total number of Directors then in office shall constitute a quorum for the transaction of business. In the absence of a quorum, a majority of the Directors present may reschedule the meeting for a date certain. Notice of the rescheduled meeting shall be given pursuant to the terms of these Bylaws.

Section 4.9 Voting. The vote of a majority of the Directors present at a meeting at which a quorum is present shall be the act of the Board of Directors unless a greater vote is required by law, by the Articles of Incorporation or by these Bylaws. Each Director present shall have one (1) vote.

Section 4.10 Action by Unanimous Consent. Any action required to be taken at a meeting of the Board of Directors may be taken without a meeting if a consent in writing setting forth the actions so taken shall be signed by all the Directors.

Section 4.11 Compensation of Directors. The Directors, as such, shall not be compensated for the performance of services for the Corporation, but may, by resolution of the Board of Directors, be reimbursed for expenses incurred on behalf of the Corporation.

Section 4.12 Participation in Meeting by Telephone. By written permission of a majority of the Board of Directors, a member of the Board of Directors or of a committee designated by the Board may participate in a meeting by means of conference telephone or similar communications equipment by means of which all persons participating in the meeting can hear each other. Within fourteen (14) days after a meeting, the Director who participated by telephone or similar communications equipment shall send a written notice to the President of the Corporation confirming that he or she did participate in the meeting. Participation in a meeting pursuant to this Section constitutes presence in person at the meeting.

ARTICLE V - OFFICERS

Section 5.1 Officers. The Officers of the Corporation shall be a President, a Vice President, a Treasurer, and a Secretary. The Officers shall be elected by the Board of Directors at its first meeting and thereafter at each annual meeting of the Board of Directors. The Board of Directors of the Corporation may from time to time elect or appoint other Officers including Vice Presidents, Assistant Treasurers and Assistant Secretaries, as the Board may deem advisable, and such Officers shall have such authority, and shall perform such duties as from time to time may be prescribed by the Board of Directors. Any two or more offices, except that of President and Secretary, may be held by the same person. In addition to the powers and duties of the Officers of the Corporation as set forth in these Bylaws, the Officers shall have such authority and shall perform such duties as from time to time may be determined by the Board of Directors. No Officer shall execute, acknowledge or verify any instrument in more than one capacity if the instrument is required by law or the Articles of Incorporation or Bylaws to be executed, acknowledged or verified by two (2) or more Officers.

Section 5.2 President. The President shall be the Chief Operating Officer of the Corporation. He or she shall preside at all meetings of the Board of Directors. The President shall perform such other duties and functions as shall be assigned to him from time to time by the Board of Directors. He or she shall be, ex officio, a Member of all standing committees. The President shall, unless otherwise provided by resolution of the Board of Directors, possess the power and authority to sign all

certificates, contracts, instruments, papers and documents of every conceivable kind and character whatsoever in the name of and on behalf of the Corporation.

Section 5.3 Vice President. The Vice President shall have such powers and perform such duties as shall from time to time be assigned by these Bylaws or by the Board of Directors. In the event the President is absent or unavailable, then the Vice President shall perform the duties and exercise the powers of the President.

Section 5.4 Secretary. The Secretary shall keep the minutes of all meetings of the Board of Directors in books provided for that purpose and sign, with the President, in the name of the Corporation, all contracts when authorized to do so. The Secretary shall have charge of such books and papers as the Board of Directors shall direct, all of which shall at all reasonable times be open to the examination of any Director, and in general perform all the duties incident to the office of Secretary, subject to the control of the Board of Directors.

Section 5.5 Treasurer. The Treasurer shall have custody of all the funds and securities of the corporation, endorse checks, notes and other obligations for collection on behalf of the Corporation and shall deposit the same to the credit of the Corporation in such bank or banks or depository or depositories as the Board of Directors may designate; sign all receipts and vouchers for payments made to the Corporation; enter or cause to be entered regularly in the books of the Corporation kept for that purpose, full and accurate accounts of all monies received and paid on account of the Corporation, and whenever required by the Board of Directors shall render statements of such accounts; shall, at all reasonable times, exhibit the books and accounts to any Director of the Corporation, and shall perform all acts incident to the position of Treasurer, subject to the control of the Board of Directors.

Section 5.6 Giving of Bond by Officers. All Officers of the Corporation, if required to do so by the Board of Directors, shall furnish bonds to the Corporation for the faithful performance of their duties, in such penalties and with such conditions and security as the Board shall require. The Corporation shall assume the cost of providing any bond required hereunder.

Section 5.7 Compensation of Officers. Officers of the Corporation may, by resolution of the Board, be compensated for the services they perform as Officers and may be reimbursed for expenses they incur on behalf of the Corporation.

Section 5.8 Resignations. Any Officer may resign at any time by giving written notice to the Board of Directors or to the Chair of the Corporation. Any such resignation shall take effect at the time specified therein; and, unless otherwise specified therein, the acceptance of such resignation shall not be necessary to make it effective.

Section 5.9 Removal. Any of the Officers designated in Section 5.1 of this Article V may be removed by the Board of Directors, whenever in its judgment the best interests of the Corporation will be served thereby, by the vote of a majority of the total number of Directors. Any subordinate Officer elected or appointed in accordance with Section 5.1 of this Article V may be removed by the Board of Directors for like reason by a majority of the Directors present at any meeting, a quorum being present.

ARTICLE VI - COMMITTEES

Section 6.1 General. The Board of Directors may designate standing committees with such duties and powers as it may provide in order to carry out the programs and purposes of the Corporation; and the President shall designate the individuals to serve as chairpersons of said standing committees and these chairpersons shall serve until they resign or until their successors are appointed. Special committees may be appointed by the President or by the Board of Directors. Any Special Committee shall be dissolved as soon as it has fulfilled its functions. Membership on committees need not be confined to those who are Directors of the Corporation.

Section 6.2 Powers. Any committee shall exercise such powers and perform such duties as are stated in these Bylaws or as the Board of Directors may, from time to time authorize, including any or all powers and authority of the Board in the management and affairs of the Corporation; however, no committee shall have power or authority to:

- (a) Amend the Articles of Incorporation.
- (b) Adopt an agreement of merger or consolidation.
- (c) Amend the Bylaws of the Corporation.
- (d) Fill vacancies in the Board.
- (e) Fix compensation of the Directors for serving on the Board or on a committee.
- (f) Terminate a persons' membership in the Corporation.
- (g) Take any other action prohibited by law, the Articles of Incorporation or these Bylaws.

Section 6.3 Rules for Committees. The Board of Directors may adopt rules regarding the conduct of committees and their meetings, including rules for the calling of meetings, quorum requirements and voting. To the extent it is not inconsistent with the rules adopted by the Board of Directors, each committee may establish its own rules to govern the conduct of its activities.

ARTICLE VII - INDEMNIFICATION OF OFFICERS, DIRECTORS, EMPLOYEES AND AGENTS

Section 7.1 Indemnification of Directors and Officers: Claims by Third Parties. The Corporation may, in the complete discretion of the Board of Directors, indemnify in full or in part, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action, suit or proceeding, whether civil, criminal, administrative or investigative (other than an action by or in the right of the Corporation) by reason of the fact that he or she is or was a Director, Officer, employee or agent of the Corporation or is or was serving at the request of the Corporation as a trustee, Director, Officer, employee, or agent of another Corporation, business Corporation, partnership, joint venture, trust or other enterprise, against expenses (including attorney's fees), judgments, fines and amounts paid in settlement actually and reasonably incurred by him or her in connection with such action, suit or proceeding if he or she acted in good faith and in a manner he/she reasonably believed to be in or not opposed to the best interests of the Corporation and, with

respect to any criminal action or proceeding, had no reasonable cause to believe his or her conduct was unlawful. The termination of any action, suit or proceeding by judgment, order, settlement, conviction, or upon a plea of nolo contendere or its equivalent, shall not of itself create a presumption that the person did not act in good faith and in a manner which he or she reasonably believed to be in or not opposed to the best interests of the Corporation and, with respect to any criminal action or proceeding, had reasonable cause to believe that the conduct was unlawful.

Section 7.2 Actions by or in Right of the Corporation. The Corporation may, in the complete discretion of the Board of Directors, indemnify in full or in part, any person who was or is a party or is threatened to be made a party to any threatened, pending or completed action or suit by or in the right of the Corporation to procure a judgment in its favor by reason of the fact that he or she is or was a Director, Officer, employee or agent of the Corporation or is or was serving at the request of the Corporation as a trustee, Director, Officer, employee, or agent of another corporation, business, corporation, partnership, joint venture, trust, or other enterprise, against expenses (including attorney's fees) actually and reasonably incurred by him or her in connection with the defense or settlement of such action or suit if he or she acted in good faith and in a manner he or she reasonably believed to be in or not opposed to the best interests of the Corporation.

Section 7.3 Expenses. To the extent that a Director, Officer, employee or agent of the Corporation has been successful on the merits or otherwise in defense of any action, suit or proceeding referred to in Sections 7.1 and 7.2 of this Article or in defense of any claim, issue or matter therein, the Corporation may, in the complete discretion of the Board of Directors, indemnify such person against expenses (including attorney's fees) actually and reasonably incurred by him or her in connection therewith.

Section 7.4 Determination of Indemnification. As a condition precedent to any indemnification under Sections 7.1 and 7.2 of this Article the Board of Directors shall just make a determination that indemnification of the Director, Officer, employee or agent is proper in the circumstances because he or she has met the applicable standard of conduct set forth in Sections 7.1 and 7.2. Such determination shall be made (i) by the Board of Directors by a majority vote of a quorum (as defined in Section 3.11 of these Bylaws) consisting of Directors who were not parties to such action, suit or proceeding, or (ii) if such quorum is not obtainable, or, even if obtainable, a quorum of disinterested Directors so directs, by independent legal counsel in a written opinion. If a determination is made that the person seeking indemnification has met the applicable standard of conduct described in Sections 7.1 and 7.2, then the Board of Directors shall decide the amount the Corporation shall pay for indemnification. If the Corporation's Board of Directors determine that a person seeking indemnification shall be indemnified under Section 7.1 or 7.2 for a portion of expenses, including attorneys' fees, judgments, penalties, fines, and amounts paid in settlement, but not for the total amount thereof, the Corporation shall indemnify such person for the portion of the expenses, judgments, penalties, fines, or amounts paid in settlement for which the Board of Directors has determined the person is entitled to be indemnified and the Corporation shall not be liable for any additional amounts. The Corporation is not obligated to indemnify such person unless the Board, in its complete discretion, determines that indemnification should be made in the particular case and determines the amount to be paid to such person for indemnification.

Section 7.5 Repayment of Expenses. Expenses incurred in defending a civil or criminal action, suit or proceeding described in Sections 7.1 and 7.2 of this Article may, in the complete discretion of the Board of Directors, be paid by the Corporation in advance of the final disposition of such action, suit or proceeding as authorized by the Board of Directors in the specific case upon receipt of an undertaking by or on behalf of the Director, Officer, employee or agent to repay such amount unless it shall ultimately be determined that he or she is entitled to be indemnified by the Corporation.

Section 7.6 Insurance. The Corporation shall have power to purchase and maintain insurance on behalf of any person who is or was a Director, Officer, employee, or agent of the Corporation or is or was serving at the request of the Corporation as a trustee, Director, Officer, employee, or agent of another Corporation, business Corporation, partnership, joint venture, trust, or other enterprise, against any liability asserted against him or her or the Corporation and incurred by him or her or the Corporation in any such capacity, or arising out of his or her status as such, whether or not the Corporation would have the power to indemnify him or her against such liability under the provisions of this Article or Michigan law.

ARTICLE VIII - FISCAL YEAR

Section 8.1 Fiscal Year. The fiscal year of the Corporation shall begin October 1 and end September 30 each year.

ARTICLE IX - MISCELLANEOUS PROVISIONS

Section 9.1 Contracts, Conveyances, Etc. Unless otherwise directed by the Board of Directors, all conveyances, contracts and instruments of transfer and assignment shall be specifically approved

by the Board of Directors and shall be executed on behalf of the Corporation by such Officers or agents as may be specifically authorized by the Board of Directors.

Section 9.2 Execution of Instruments. Unless otherwise designated by the Board of Directors, all Corporation instruments and documents including, but not limited to, checks, drafts, bills of exchange, acceptances, notes or other obligations or orders for the payment of money shall be signed by the President or by such other Officer of the Corporation as from time to time are designated by resolution of the Board of Directors.

Section 9.3 Borrowing. No loans and no renewals of any loans shall be contracted on behalf of the Corporation except as authorized by the Board of Directors of the Corporation. When authorized to do so, any Officer or agent of the Corporation may effect loans and advances for the Corporation from any bank, trust company or other institution or from any firm, Corporation or individual, and for such loans and advances may make, execute and deliver promissory notes or other evidences of indebtedness and liabilities of the Corporation. When authorized to do so, any Officer or agent of the Corporation may pledge, hypothecate or transfer, as security for the payment of any and all loans, advances, indebtedness and liabilities of the Corporation any and all stocks, securities and other personal property at any time held by the Corporation and to that end may endorse, assign and deliver the same. The authority contained in this Section 9.3 shall be express and confined to specific instances.

Section 9.4 Deposits. All funds of the Corporation not otherwise employed shall be deposited from time to time to the credit of the Corporation in such banks, trust companies or other depositories as the Board of Directors may select. For the purpose of deposit and for the purpose of collection for the account of the Corporation, checks, drafts, and other orders for the payment of money which are payable to the order of the Corporation shall be endorsed, assigned and delivered by such person or persons and in such manner as may from time to time be designated by the Board of Directors.

Section 9.5 Method of Giving Notices. Any notice required by statute or by these Bylaws to be given to the Directors, or to any Officers of the Corporation unless otherwise provided herein or in any statute, shall be given by mailing to such Director or Officer at his or her last address as the same appears on the records of the Corporation, and such notice shall be deemed to have been given at the time of such mailing.

Section 9.6 Corporate Seal. The Corporation shall have the right to adopt a corporate seal.

Section 9.7 Headings and Parenthetical Insertions. The article and paragraph headings included in these Bylaws have been used solely for convenience and shall in no event act as or be used in conjunction with the interpretation of these Bylaws.

Section 9.8 Conflict with Statute. In the event any article or section of these Bylaws shall conflict with the Michigan Non-Profit Corporation Act, the Act shall rule.

ARTICLE X - AMENDMENTS AND ADDITIONS

Section 10.1 Amendments. These Bylaws may be altered or amended at any duly called meeting of the Members, at which a quorum is present, by a majority vote of those present, provided that written notice describing the substance of the proposed amendment has been sent to each Member of the Corporation at least ten (10) days in advance of the date of meeting, unless such notice is waived by all the Members.

These Bylaws may also be altered or amended at any duly called meeting of the Board of Directors by the affirmative vote of two thirds of all Directors then in office, provided that written notice describing the substance of the proposed amendment has been sent to all Directors at least ten (10) days in advance of the meeting. Any amendment approved by the Directors shall be effective when approved by the Directors; however, the amendment shall be submitted for approval by the Members at the next annual meeting and if not approved by the Members, then these Bylaws shall revert back to the language that existed prior to such amendment.

Section 10.2 Rules and Regulations. The Board of Directors may adopt additional rules and regulations, general or specific, for the conduct of the meetings, and additional rules and regulations, general or specific, for the conduct of the affairs of the Corporation provided, however, no such additional rule or regulation shall be inconsistent with or in contradiction of any provision of the Articles of Incorporation or these Bylaws.

I certify that the foregoing Amended and Restated Bylaws were adopted by the Corporation on the 11th day of March 1997.
